Why do we celebrate after sunset on Holy Saturday?? The celebration of Holy Saturday after dark is rooted in the biblical account of Jesus's rest in the tomb. This practice symbolizes the transition from the night of sin to the night of salvation. The darkness represents the absence of Christ, while the light signifies His resurrection and the hope of eternal life. The liturgical practice of the beginning of the Easter Vigil at night is a way to honor the mystery of Christ's resurrection and to prepare the faithful for the joyous celebration of Easter Sunday.
